# Larkspur Cloud quarterly report, Q3 2026

This report covers July to September 2026. Figure 1 shows availability by region over the quarter, measured by the status page probes. Regions below the 99.95% guarantee owe service credits to affected accounts.

## Support volume

Figure 2 shows how many support tickets customers opened each month of the quarter, across all plans and categories.

# Outbound traffic

Figure 3 shows outbound traffic per region for the quarter. Traffic between two Larkspur regions is included.
